Short Reflection

What did you learn from this activity?

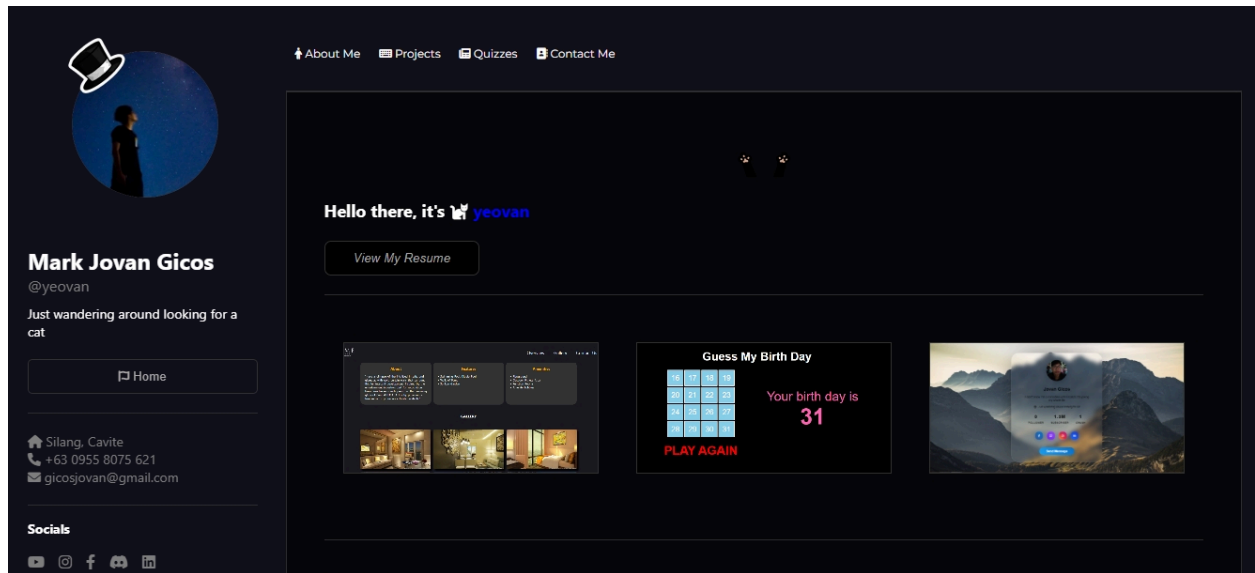

What I have learned about doing this activity is about being consistent, it allows me to think of any ideas as I am making this portfolio. Each day of rebuilding, editing some of the features of every page, adding new elements, It makes me think it never ends until I am fully satisfied of what I can add and produce to the portfolio.

PLAY AGAIN

This is a Guess My Birthday Game, a game in which the computer will have to guess your number.

Let's say your birthday is 7, In every round out of 5 you will choose that number.

Guess My Birth Day

1	3	5	7
9	11	13	15
17	19	21	23
25	27	29	31

In the first round there is number 7, so I will choose YES between yes/no.

After clicking one of the two buttons it will proceed to the next round, which is 2.
